Download and install vim. It is a new-and-improved vi.

BV

There's no place like /home

Thanks! that helped.

one more question,
Another file i wanted to shorten was:

/etc/var/hostmibd.log

Re: vi editor question – thanks! one more

AIX-L: Re: vi editor question – thanks! one more

but could not use vi bec "longer than 2048 char",
need to use existing (in-use) file to keep filesystem intact,
so how would you suggest I shorten it?

Joe
