Your system booted at 00:00 Jan 1st 1970 GMT. I'm sure you've reset the time, but, I'm not sure you can change that value. I believe it's pulling the information from /etc/utmp.

Subject: [aix-l] changing uptime
Importance: High

**** High Priority ****

Hi,
last night, after quality(s80) system recycle system uptime shows 12717 days. Can somebody point me how to change back to 2 days.

thanks
muthyam
