Or slightly more flexible...

```
df|grep "^/dev"|tr -s '%' ' '|cut -f4,7 -d' '|while read UTIL FILE
do
if [[ $UTIL -gt 59 ]]
then
echo $FILE $UTIL
fi
done
```

To: aix-l@Princeton.EDU

Subject: [aix-l] grep file system capacity

```
df|grep [6-9][0-9]%
```

this command shows file systems that are 60-99% full. How would I include 100% without doing another command?

thanks,

-shawn
