Hi,

we must update our SAP 4.6C System on AIX 5.2_ML02. The SAP runs in the moment on a oracle 8.1.7.3 and we must update to oracle 9.2.0.6

Now our SAP-Admin say he need for this update the make-, ar-, ld-, nm- commands

Must I buy the C- or C++ Compiler/Licence or ist this default by AIX 5.2?

Best regards,
Frank Mueller
