Would a change in the OS from 5.2.7 to 5.3.4 be a "migration" or update"?

I know that a change from 4.3.3 to 5.x is a migration.

Thanks!

Dave,

I ran into this some years back. Try this URL.

Migration or update?

It should have the information your looking for.

HTH,
Darryl

Subject: Genucode?

I am attempting tto upgrade the firmware level of my CDrom on a 7044-270

I have downloaded the microcode but it asks to run "Genucode"

I have looked high and low but cannot find where to download it.

Help?
