"MOUILLE Jean Pierre Ext OF/DT" <[jmouille.ext@xxxxxxxxxxxxxxxxxxxxxx](mailto:jmouille.ext@xxxxxxxxxxxxxxxxxxxxxx)> writes:

Do you plan for a driver for nForce 590sli RAID controller on FreeBSD ? The disks are recognized but not the RAID arrays.

It's not so much a matter of writing a driver as one of teaching the existing driver (ataraid) to recognize the on-disk configuration data.

This is *\*not\** a RAID controller, BTW, merely a SATA controller with a RAID-capable BIOS.
