see here for installing java on FreeBSD :

<http://www.freebsd.org/java/>

> 3) *How to check what packages are install on the system and how to
> resolve dependacies.*

try installing from ports :

http://www.freebsd.org/doc/en_US.ISO8859-1/books/handbook/ports-using.html

running the command "pkg_info" shows you all packages installed
