--- The message below was not posted to the AeroElectric-List because the
--- poster is not a member of any Email List on the Matronics Email System.

--- Note that this check can be triggered in some cases where your
--- your message's From: address isn't an *exact* match to the email
--- address that is subscribed. An example of this might be where
--- you are subscribed to a List as:

--- "joe@internet.com"

--- but your email message's From: line shows your address as:

--- "joe@email.internet.com"

--- While these may be functionally the same email address, there is
--- no way for the receiving email system to determine that they are
--- in fact actually the same address.

--- If this has occurred to you while posting a message to a List here at
--- Matronics, please either change your email application's configuration
--- so that your From: line matches the email address you have subscribed
--- as, or go to the Subscription Web Site and unsubscribe your old email
--- address and subscribe your actual email address. The Matronics Email
--- List Subscription Web Page can be found at:

--- <http://www.matronics.com/subscribe>

--- Thank you for your interest in these Email Lists,

--- Matt Dralle
