Thanks to everyone who replied – I did `ioscan -nfs` and got the following output. However, I can not be sure whether there is an array or they are just JBOD?

Subject: [HPADM] HP Storage Arrays

I am new to HP administration – was working with Sun mostly.

How do I find out what type of storage arrays we have with our HP 9000/800 box running HP-UX 11.11
