FREQUENTLY ASKED QUESTIONS

About

J F M E Z E I

=====

1. Who is JF Mezei?

Jean-Francois Mezei is the worst netkook and megatroll to have ever hit rec.travel.air and various other usenet newsgroups. He is also one of the longest running trolls in usenet history.

2. How long has he been trolling?

For well over a decade.

3. Where does he live?

Montreal, Quebec, Canada

Jean-Francois Mezei
86 Harwood Gate
Beaconsfield, QC H9W3A3
(514) 695-8259

4. What makes him such a malicious troll?

His trolling is constant, repetitious, relentless. Once he invades your newsgroup he will stay for decades, troll around the clock, day in and day out, every day of the year, for years and years on end. He does not listen to pleas to stop, he does not listen to anything anyone tells him, he does not pay attention when the misinformation/disinformation he posts is corrected, he just goes right on trolling year in, year out like a little child holding his ears closed while yelling "I can't hear you, I can't hear anything you say!"

5. What does he troll about?

His favorite subjects are USA-bashing and anything to do with sex. He hates the USA and Americans and will hijack any thread and turn it into a USA-bashing fest. If he can't do that then he'll just start making lewd posts.

6. What does he hate about the USA?

Everything! He is part of a larger group of Canadian trolls who have a visceral hatred of the USA, motivated by envy mostly. The USA is a happier, better, more successful version of their country and they can't stand it. Some of JF's favorite troll bait is "the Bush regime", "the Bush-Rumsfeld-Wolfowitz axis of

evil", "Americans are brainwashed", "Cars are evil", "SUVs are evil", "all Americans are stupid" etc.

7. What about his sexual trolling?

Ah, that is JF at his trolling best. No sexual topic is too bizarre. Among his favorites are child sexuality, masturbation, women's genitalia, sex toys, circumcision, the sex lives of Americans (of course) ... the list is endless.

8. Circumcision???

Yes, JF trolled the circumcision newsgroups for years. He still likes to insert circumcision into his trolling every now and then. Apparently, JF was traumatized as a child because his parents, poor Hungarian immigrants to Canada, left him uncircumcised when he was born, as is the custom in most of the world. Growing up in Canada where male infant circumcision was prevalent at the time, he was psychologically scarred (so he claims). As soon as he could he arranged to get himself snipped, and then joined the brigades of circumcision proselytizers in the newsgroups advocating the joys of a free willy. His main argument is how much better he was able to masturbate after getting circumcised without that "pesky foreskin" getting in the way of his enjoyment, and he has made it his mission in life to spread the circumcision gospel.

9. What's his interest in child sexuality? That sounds kind of freaky.

Well, everything having to do with Mezei *is* freaky. Among the subjects dear to his heart are the genitals of little boys and girls, especially little boy's foreskins (and how tight they are) and little girls' hymens. He is also a tireless activist and advocate that children should be taught to masturbate early on so that they don't grow up "sexually repressed like Americans".

He also counsels all parents of boys that they constantly check their little boys' penises and foreskins frequently to ensure a good fit, proper movement, and that they be able to masturbate with no problems. Utopia for JF would be a world full of parents manipulating their little boys' penises.

10. Ewww! This guy is sounding more and more disgusting by the minute! Are you sure about all this stuff?

Yes, you can check the google archives for yourself. There's over a decade full of Mezei trolling in there.

11. How can I find all that out, doesn't he change aliases all the time like all trolls do?

Of course! See the appendix below for a list of many of his known trolling aliases.

12. So where does this guy get so much time to troll, doesn't he work?

Ha ha ha! JF hasn't worked a day in his life! He's an adult baby, a grown man who still lives at home with mommy and sleeps all day and trolls the newsgroups all night. In his free time when he isn't trolling he likes to ride his bike down to Dorval Airport and race the planes down the runway in his bike.

13. That seems strange, is he mentally ill or something?

Bingo! JF is a boy in a grown man's body. Psychologically he never got past the age of 13 and got stuck in a world of bathroom humor (i.e. "pull my finger!") and locker room antics that he has never been able to outgrow.

14. Speaking of locker rooms, I heard he has a sexual fetish about them, is that true?

Yes! JF goes to the gym not to work out but to watch men in the locker room. He loves to post about the male sexual organs he has seen in locker rooms over the years, especially his unnatural obsession with foreskins. He stalks the men in locker rooms trying to measure how much foreskin they have, or how little is left if they have been circumcised. He gets extremely excited when he spots a case of phimosis.

15. Oh my Gawd, this guy is nuts! He should be locked up in an insane asylum!

Yep, JF is certifiably insane. He lives in a black helicopter / tin foil hat world where others are out to get him. The key to understanding JF is that he sees himself as a VICTIM. To JF the world is out to get him, especially the USA. Victimhood is what JF is all about.

What seems to have sent him over the edge was when the Canadian rail system was "killed", in his words. He used to be a major train nut, spotting trains, writing down their numbers and chasing them down at the train yard like a good freak. Then he turned his attention to aviation. Major events that made him fall head first deep into the abyss were the bankruptcy of Canadian Airlines and their subsequent takeover by Air Canada (whom he sees as evil). So paranoid is he that when an Air Canada plane crashed he claimed that Air Canada employees went lurking about in the night with buckets of white paint to cover up the Air Canada markings. He saw that as symbolic of a cover up of the crash investigation. He has never recovered from this.

16. Where else does he hang out, I want to avoid him!

His main haunt on usenet is comp.os.vms, a newsgroup dedicated to some ancient, arcane, obsolete piece of vax crapware that nobody has taken seriously for decades. JF hangs out there with other misfits and social dropouts who share his psychological traumas, crying for the good old vax days of yore. It's really pathetic!

17. Where else does he hang out?

can.internet.highspeed, alt.cellular.fido, and a few other geeky computer groups. For a while after the Shuttle Columbia disaster he invaded the

sci.space groups, sci.space.shuttle in particular, and trolled it relentlessly with the anti-American, conspiracy theory crap he's so famous for. But they ran him off that group and he had to go crawling back to comp.os.vms with his tail between his legs, licking his wounds.

18. It sounds like comp.os.vms is the only group he respects and doesn't troll.

Pretty much. For a megatroll like JF it's impossible not to troll, so he slips in troll bait every now and then, but by and large he respects comp.os.vms, and, more importantly, he tries to hide his trolling activities from them so they won't find out what a major netkook he is.

19. Wow, sounds like he should be exposed so they will know what kind of psycho he is!

Exactly. Feel free to post all his trolls to comp.os.vms. And while you're at it post them to can.internet.highspeed and alt.cellular.fido too. And to alt.usenet.kooks, a group for the likes of JF, and news.admin.net-abuse.usenet.

20. What else can I do? Is there an abuse address?

Yes, you should send complaints along with copies of his troll posts to:

abuse@sympatico.ca
abuse@bellglobal.com
abuse@istop.com

And feel free to distribute this FAQ freely. Post it to newsgroups, email it to people, you may host it at your own website, send it to newspapers and magazines that do Internet articles or anything to do with Montreal or Canada, etc.
