Hi Barry,

I provided a list of OpenVMS Hardware VARs in COV about a year ago...

<http://groups-beta.google.com/group/comp.os.vms/msg/3894dad15ca91e03>

I also have a list of ...

Hardware repair services for DEC, VAX, Alpha or Itanium Hardware

ABACUS Computing Services Ltd. – UK

<http://www.abacus-computing.com>

Beovax Computer Services – UK

<http://www.beovax.co.uk>

CPU Options Inc. – USA

<http://www.cpuoptions.com>

Decade Computer Services, Inc – USA

<http://www.decade.com>

Re: Third Party VAX support

comp.os.vms: Re: Third Party VAX support

Digiworks Co., Ltd. – South Korea
<http://www.dgwrks.com>

Equipment Management Inc. – DEC repairs – USA
<http://emisolutions.com/DECInventory.ivnu>

IGS Systems – DECparts.Com –
Digital Equipment Parts & Supplies Worldwide
<http://www.decparts.com>

Kender Thijssen – ICT solutions and computer rentals – Belgium
http://www.kender-thijssen.be/asp/home.asp?lang_id=3

Kender Thijssen – ICT-oplossingen & computerverhuur – Netherlands
http://www.kender-thijssen.nl/asp/content/home.asp?menu_id=204

Keyways – USA
<http://www.keyways.com>

HP VAX systems – Ongoing service and support

http://h18002.www1.hp.com/alphaserver/vax/index.html#vax_sys

Disclaimer – I have no connection with any of the above companies. I have never used any of their services. I am not aware of my employer having any relevant connection to these companies either. I am also not recommending any of them. I have simply found, and noted their URLs during my private OpenVMS market research.

Cheers!

Keith Cayemberg
